3.2.1: Institution has created an ecosystem for innovations, Indian Knowledge System (IKS), including awareness about IPR, establishment of IPR cell, Incubation centre and other initiatives for the creation and transfer of knowledge/technology and the outcomes of the same are evident.

St.Peter's Institute of Pharmaceutical Sciences has a vibrant **Research & Development Cell**, an apex body to guide SPIPS research community and innovation for creation and transfer of knowledge.

The apex body is constituted with a team of experts drawn from academic Institutions, Scientists, Entrepreneurs and Industrial researchers from various reputed organizations. The team generates links with the industry through periodic visit to their office and participating in monthly and annual meets.

SPIPS established a Research Centre, Entrepreneurship Development Cell and Incubation Centre. The early initiative to create an ecosystem for innovations is the formation of various **student clubs** for creation and transfer of knowledge. The hidden talents of the students are identified and nurtured through student clubs, co-curricular and extra-curricular activities.

SPIPS Research and Development Centre comprises of senior faculty members from each department.

Director (R&D) who is a senior professor having handsome experience and expertise in versatile research field heads R&D Centre with the principal presiding over. The committee oversees the smooth and efficient coordination of research and development activities in the institute, thus fostering overall growth.

The aim of SPIPS R&D cell is to foresee future problems through pursuit of technology to respond to current social demands, and to contribute to the creation and development of scientific technologies with the aim of realizing an affluent society and natural environment for humanity. At the same time, the SPIPS aims to create excellent educational resources and an excellent educational environment through frontline researches.

To achieve the above-mentioned purposes, the following objectives are set:

- Lead the academic and conduct internationally high-level researches in each pharmacy field.
- Conduct cutting-edge researches to lead the academic and industrial worlds at home and abroad and create and develop new academic and technological fields.
- Aim to globalize research and education.
- Provide suggestions for the future of humanity and the earth, based on high-level academic foundations and vision.
- Conduct researches that contribute to the development of human resources who can play a leading and core role in society and researchers who can conduct cutting-edge researches.

MISSION AND VISION OF R&D CELL:

- Image building of the Institution.
- Creation of research facilities in-house and in collaboration with other national institutes and laboratories.
- Conducting workshops/national and international seminars.
- Identification of research projects for faculty and encouraging students for such.
- Imbibing the culture to carry out innovative projects with the students beyond curriculum.
- Training younger generation teachers with innovative research projects.
- Encouraging faculty and students to attend seminars and workshops inside and outside the state.
