## **Event Report**

### **STTP on Instrumentation Handling Techniques**

**Organized By: St. Peter's Institute of Pharmaceutical Sciences**

**Date: 19/07/22 to 30/07/22**

**Time: 10 AM**

**No. of Students Participated: 15**

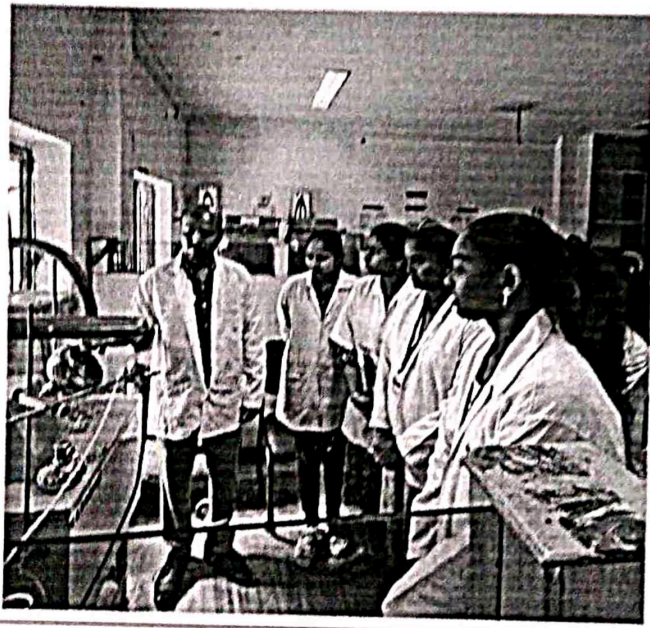

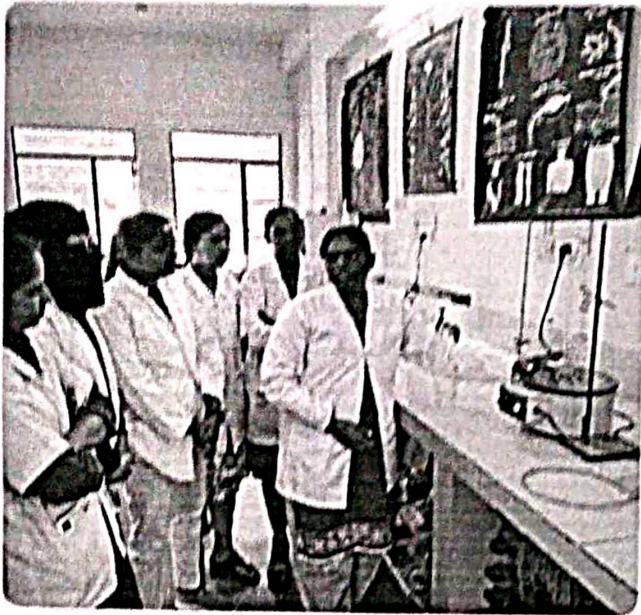

**No. of Faculty Participated: 10**

The short-term training program at St. Peter's Institute of Pharmaceutical Sciences focuses on imparting essential skills in instrumentation handling techniques to enhance proficiency in pharmaceutical research and development.

1. **Enhance Participants' Knowledge:** Provide participants with comprehensive understanding and practical skills in handling various instrumentation used in pharmaceutical sciences.
2. **Skill Development:** Enable participants to develop proficiency in operating and managing instrumentation equipment commonly used in pharmaceutical research and development.
3. **Hands-On Experience:** Offer hands-on training sessions to allow participants to gain practical experience in using instrumentation techniques effectively.
4. **Update on Industry Standards:** Update participants on the latest advancements and industry standards related to instrumentation handling techniques in pharmaceutical sciences.

## **Event Report**

### **Webinar on "Menstrual hygiene training"**

**Organized By: St. Peter's Institute of Pharmaceutical Sciences**

**Date: 30/06/2022**

**Time: 10 AM**

**No. of Students Participated: 90**

**No. of Faculty Participated: 10**

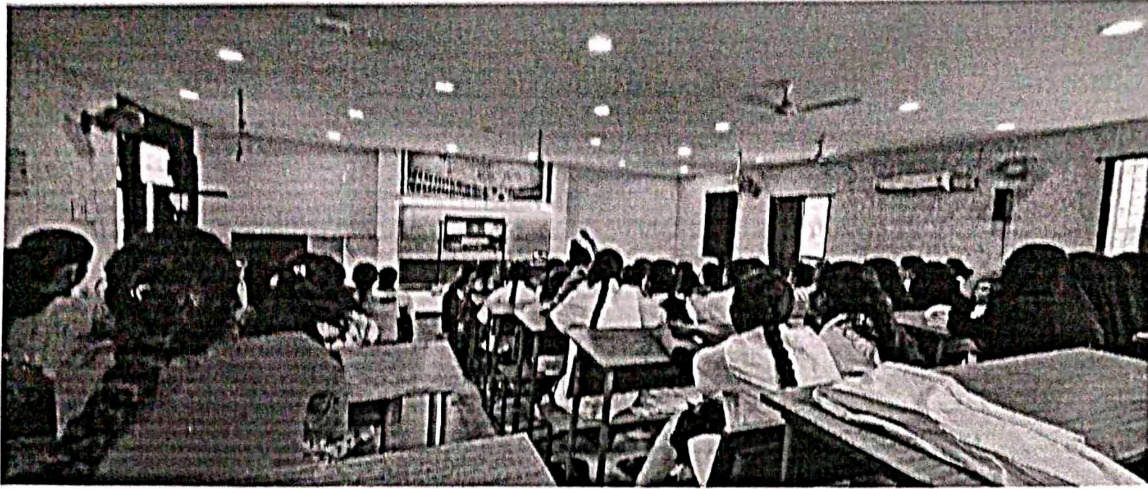

The webinar on Menstrual Hygiene Training provides essential information and guidance on maintaining menstrual health, covering topics such as hygiene practices, product selection, and debunking myths surrounding menstruation.

1. Educating participants about menstrual hygiene practices.
2. Raising awareness about the importance of menstrual hygiene management.
3. Providing training on proper menstrual hygiene techniques and methods.
4. Addressing myths and misconceptions surrounding menstruation.
5. Promoting access to menstrual hygiene products and facilities.

## **Event Report**

### **One-day seminar on Novel Perspectives in Clinical Pharmacy**

**Organized By: St. Peter's Institute of Pharmaceutical Sciences**

**Date: 24-04-2022**

**Time: 10 AM**

**No. of Students Participated: 100**

**No. of Faculty Participated: 10**

The "One-day seminar on Novel Perspectives in Clinical Pharmacy" offers insights into innovative approaches and emerging trends within the field, aimed at enhancing clinical practice and patient care on 24-04-2022. Experts share cutting-edge research, methodologies, and best practices to advance pharmaceutical care and optimize patient outcomes.

1. Introducing participants to emerging trends and advancements in clinical pharmacy practice.
2. Enhancing participants' understanding of innovative approaches to patient care within the pharmacy setting.
3. Providing a platform for discussion and exchange of ideas among pharmacy professionals regarding novel practices and research in clinical pharmacy.
4. Equipping participants with practical knowledge and skills to improve patient outcomes through evidence-based pharmacy interventions.
5. Facilitating networking opportunities for participants to connect with experts and peers in the field of clinical pharmacy.

## **Event Report**

### **One day Seminar on "Advancing Pharmacy Practice in Health care"**

**Organized By:** St. Peter's Institute of Pharmaceutical Sciences

**Date:** 26-03-2022

**Time:** 10 AM

**No. of Students Participated:** 56

**No. of Faculty Participated:** 5

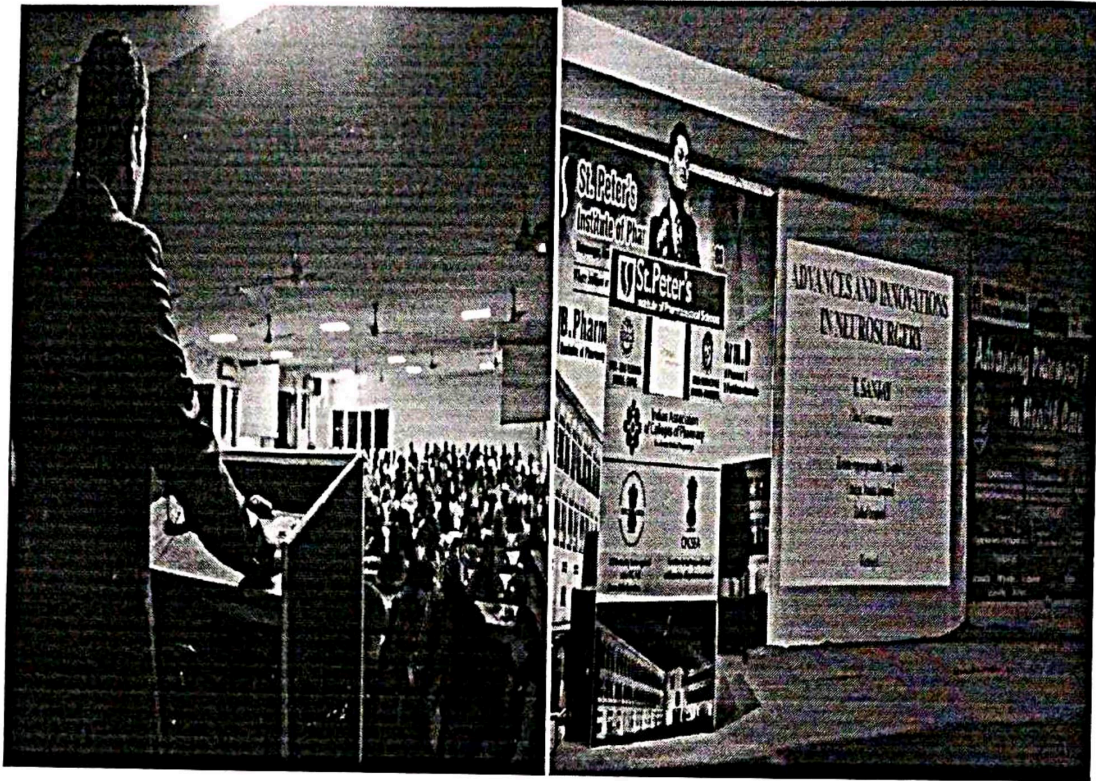

The "One day Seminar on Advancing Pharmacy Practice in Health care" on 26-03-2022 is a focused event aimed at exploring innovative practices and advancements within the pharmacy field, particularly in the context of healthcare delivery. Experts and practitioners convene to discuss emerging trends, share best practices, and collaborate on strategies to enhance pharmacy services for better patient outcomes.

1. Enhancing understanding of current trends and developments in pharmacy practice within the healthcare sector.
2. Providing a platform for pharmacists to exchange knowledge and experiences regarding their roles in healthcare delivery.
3. Discussing the latest advancements in pharmaceutical care and patient outcomes.
4. Addressing challenges and opportunities for pharmacists in optimizing healthcare services.
5. Exploring interdisciplinary collaborations to improve patient care and medication management.

Webinar on Role of clinical pharmacists in the management of AutoImmune diseases on 13-09-2021 explores the vital role clinical pharmacists play in managing autoimmune diseases, discussing their impact on patient care, treatment strategies, and interdisciplinary collaboration.

1. Educate healthcare professionals about the evolving role of clinical pharmacists in autoimmune disease management.
2. Highlight the importance of a multidisciplinary approach, including pharmacists, in the comprehensive care of patients with autoimmune diseases.
3. Discuss the latest advancements in pharmacotherapy for autoimmune diseases, and the role of clinical pharmacists in optimizing medication therapy.
4. Share best practices and strategies for collaborative decision-making between clinical pharmacists, physicians, and other healthcare providers in autoimmune disease management.

**No. of Faculty Participated: 10**

The "Webinar on Novel Perspectives and Regulations in Drug Delivery" on 04-09-2021 explores innovative approaches and regulatory considerations in the field of drug delivery, providing insights into emerging trends and guidelines shaping the pharmaceutical landscape.

1. Provide insights into the latest advancements in drug delivery technologies and techniques.
2. Educate attendees about emerging trends and innovations in pharmaceutical research and development.
3. Discuss the regulatory landscape governing drug delivery systems and their implications for pharmaceutical companies.
4. Foster collaboration and networking among researchers, academics, and industry professionals in the field of drug delivery.
5. Enhance understanding of the challenges and opportunities in translating novel drug delivery concepts from bench to bedside.

**Event Report**

**Seminar on Overview of Pharmaceutical care concepts and medical errors**

**Organized By: St. Peter's Institute of Pharmaceutical Sciences**

**Date: 15-09-2021.**

**Time: 10 am**

**No. of Students Participated: 67**

**No. of Faculty Participated: 10**

St. Peter's Institute of Pharmaceutical Sciences hosted an enlightening seminar focusing on the critical domains of pharmaceutical care and medical errors. This educational event aimed to provide students, faculty, and healthcare professionals with a comprehensive understanding of contemporary practices, challenges, and strategies in pharmaceutical care while addressing the pressing issue of medical errors within healthcare systems held on 15-09-2021.

1. To provide participants with a comprehensive understanding of the concept and significance of pharmaceutical care in modern healthcare systems.
2. To identify common risk factors contributing to medical errors and explore preventive measures to mitigate risks and enhance patient safety.
3. To elucidate the pivotal role of pharmacists in error prevention and patient safety, emphasizing proactive approaches such as medication therapy management and error reporting systems.

**Event Report**

**Session on Pharmacovigilance and Drug Safety: Academia-Industry Practices**

**Organized By: St. Peter's Institute of Pharmaceutical Sciences**

**Date: 05-09-2021.**

**Time: 10 am**

**No. of Students Participated: 70**

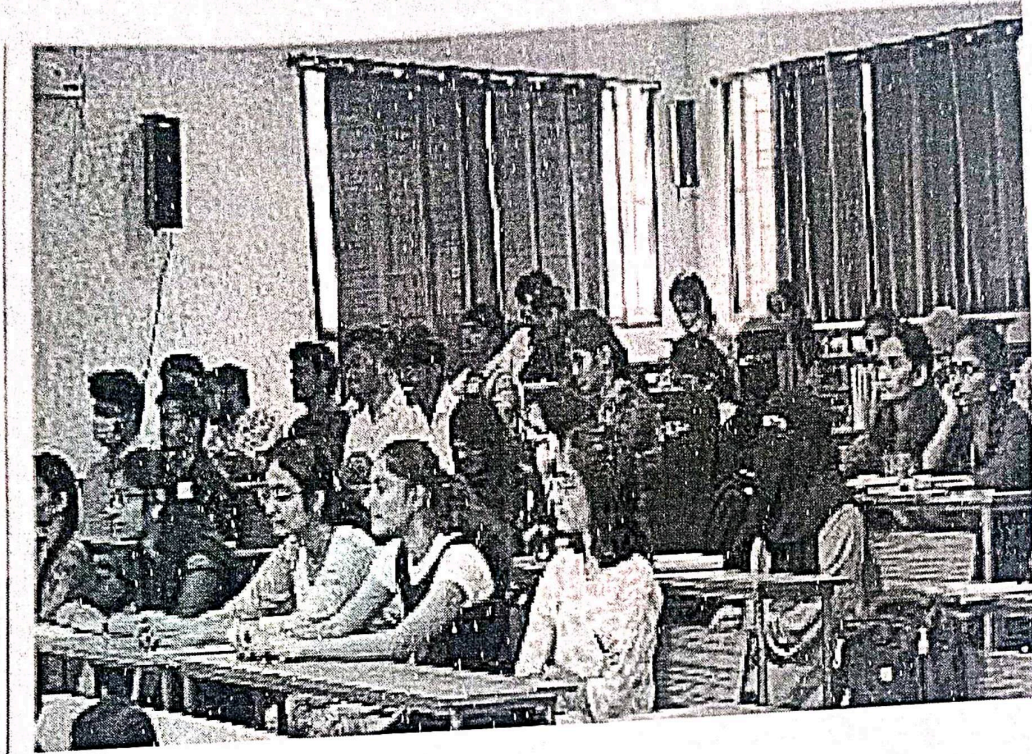

**No. of Faculty Participated: 10**

St. Peter's Institute of Pharmaceutical Sciences organized a dynamic session focusing on Pharmacovigilance and Drug Safety, with a specific emphasis on the intersection between academia and industry practices. The session aimed to provide participants with a comprehensive understanding of pharmacovigilance principles, regulatory requirements, and the collaborative roles of academia and industry in ensuring drug safety throughout the product lifecycle held on 05-09-2021.

- Understanding Pharmacovigilance Fundamentals:
- Introduce participants to the fundamental concepts and principles of pharmacovigilance.
- Define the scope and significance of pharmacovigilance in ensuring drug safety.
- Exploring Regulatory Frameworks:
- Familiarize attendees with the regulatory frameworks governing pharmacovigilance practices at both national and international levels.
- Provide insights into compliance requirements and reporting obligations for pharmaceutical companies and healthcare professionals.
