Advances in Teaching and Research Pedagogies in Pharmaceutical Sciences Workshop

Organized By: ISPOR, St Peter's Institute of Pharmaceutical Sciences

Date: 13-02-2023

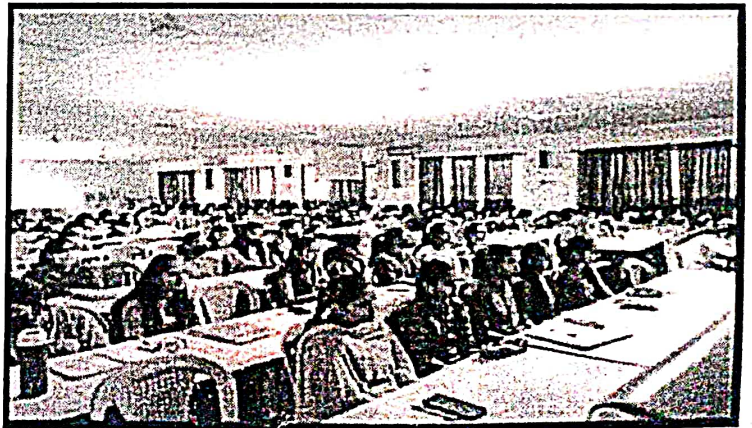

Time: 10:00 AM

No. of Students Participated: 60

No. of Faculty Participated: 40

1. Enhancing teaching effectiveness: Providing faculty with pedagogical training and resources to improve their teaching methods and instructional techniques.
2. Updating subject knowledge: Offering opportunities for faculty to stay current with developments in their respective fields through workshops, seminars, and continuing education programs.
3. Promoting research and scholarship: Encouraging faculty members to engage in research activities, publish papers, and contribute to the academic community.
4. Fostering professional growth: Supporting faculty in developing leadership skills, mentoring capabilities, and other competencies necessary for career advancement.
5. Integrating technology in education: Equipping faculty with the skills and knowledge to effectively utilize technology tools and digital resources in their teaching and research.

3 DAY INDUSTRIAL ORIENTATION WORKSHOP

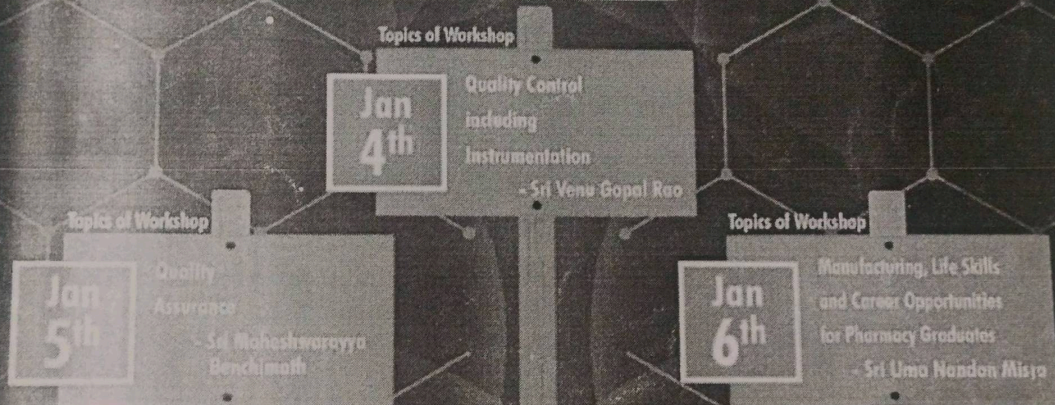

In Association with IPA Education Div and IPA Hanamkonda Br.

Organized by  **St. Peter's**
Institute of Pharmaceutical Sciences

QUALITY MANUFACTURING AND INDUSTRIAL ORIENTATION TRAINING

(Training Modules on QC, QA & Manufacturing)

from 4th to 6th January, 2023

Expert Trainers

1 Sri.UMA NANDAN MISHRA
M.Pharm and M.Sc (Pharm)
45 years experience in industry

2 Sri K.Venugopal Rao, M.Sc,
30 years experience in industry
in Quality Control

3 Sri Maheshwarayya Benchimath
24 years of experience in Quality
Assurance in leading Pharma companies

All Delegates will benefit with

- All participants will be issued a certificate from Pharma Training Institute
- All participants will also be provided placement assistance
- Those interested may also carry out Practical Training at Bangalore on various QC Instruments once they pass out

Event Report

Quality Manufacturing and Industrial Orientation Workshop

Organized By: Department of Pharmaceutics, St Peter's Institute of Pharmaceutical Sciences

Date: 04-01-2023 - 06-01-2023

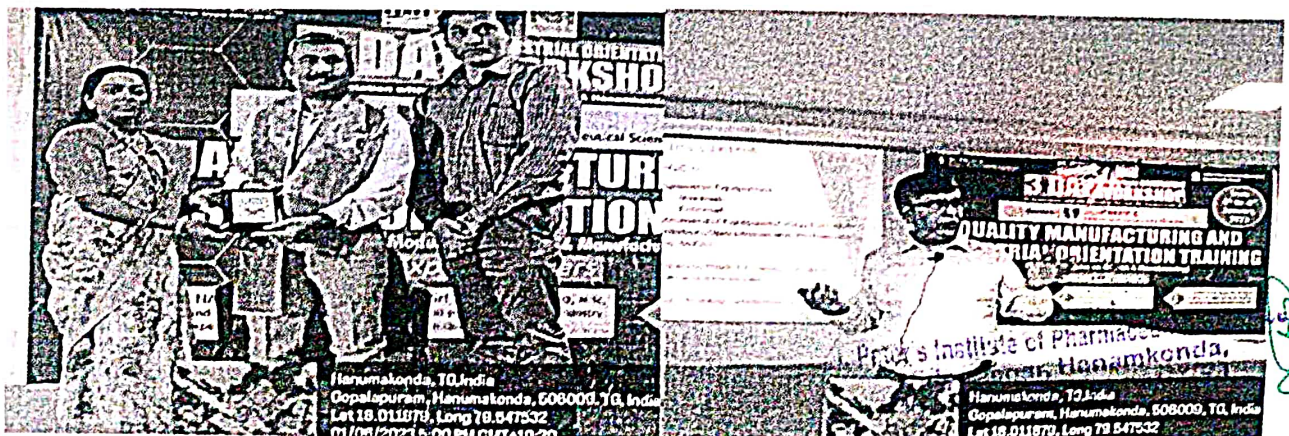

Time: 9:30 AM

No. of Students Participated: 60

No. of Faculty Participated: 2

- 1. Enhancing Product Quality:** The workshop aims to educate participants on various techniques and methodologies to improve the quality of manufactured goods, leading to higher customer satisfaction and reduced defects.
- 2. Process Optimization:** Participants will learn about streamlining manufacturing processes to increase efficiency, minimize waste, and optimize resource utilization, ultimately resulting in cost savings and improved competitiveness.
- 3. Quality Management Systems:** The workshop will cover the implementation and maintenance of quality management systems such as ISO 9001, focusing on establishing standardized procedures and continuous improvement practices throughout the manufacturing process.
- 4. Industrial Best Practices:** Attendees will be exposed to industry best practices and case studies, providing valuable insights into successful quality management strategies and their application in real-world manufacturing settings.
- 5. Employee Skill Development:** The workshop aims to equip participants with the necessary skills and knowledge to effectively identify and address quality issues, fostering a culture of quality awareness and accountability among manufacturing personnel.

Event Report

Motivational Workshop on Entrepreneurship

Organized By: St. Peter's Institute of Pharmaceutical Sciences

Date: 4/11/2022.

Time: 10 AM

No. of Students Participated: 100

No. of Faculty Participated: 10

1. Inspiring participants to pursue entrepreneurial ventures by sharing success stories and practical advice.
2. Providing tools and strategies for identifying business opportunities and developing innovative ideas.
3. Building confidence and self-belief among participants to overcome challenges and setbacks.
4. Cultivating a growth mindset and resilience to navigate the uncertainties of entrepreneurship.
5. Offering guidance on creating business plans, setting goals, and executing strategies effectively.
6. Fostering a supportive network and community for aspiring and current entrepreneurs to share experiences and resources.
7. Encouraging participants to take action and implement their ideas, turning inspiration into tangible results.
8. Addressing common fears and misconceptions about entrepreneurship and instilling a positive mindset towards risk-taking and failure.
9. Empowering participants to embrace creativity, adaptability, and continuous learning as essential skills for entrepreneurial success.
10. Providing practical tools and resources for personal and professional development, such as time management, networking, and financial literacy

Event Report

Session on Personality Development by Dr. Jaganath Rao.

Organized By: St. Peter's Institute of Pharmaceutical Sciences

Date: 29/08/2022

Time: 10 AM

No. of Students Participated: 90

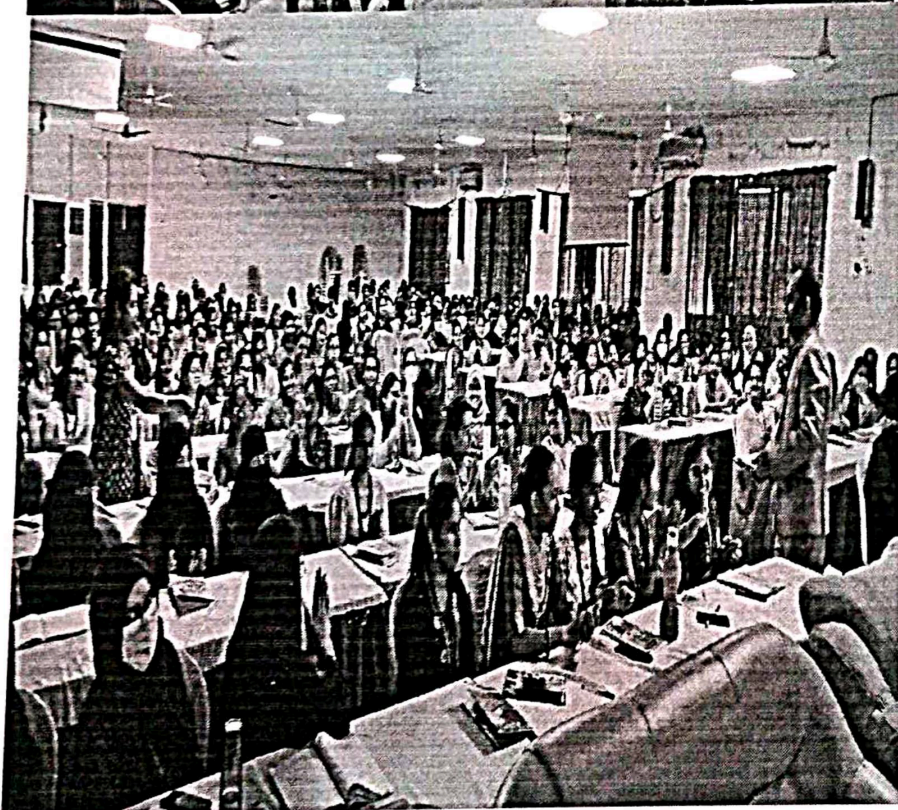

No. of Faculty Participated: 10

Dr. Jaganath Rao's session on personality development at St. Peter's Institute of Pharmaceutical Sciences focuses on enhancing students' interpersonal skills, self-confidence, and leadership qualities to prepare them for professional success in the pharmaceutical industry on 29/08/2022

1. **Enhancing self-awareness:** Helping participants understand their strengths, weaknesses, values, and beliefs to develop a clearer sense of self.
2. **Improving communication skills:** Providing techniques and practice opportunities to enhance verbal and non-verbal communication skills, including active listening and assertiveness.
3. **Building confidence:** Offering strategies to boost self-confidence and self-esteem, such as positive affirmations, goal setting, and overcoming self-limiting beliefs.

Webinar on Introduction to Intellectual Property Rights

Organized By: St. Peter's Institute of Pharmaceutical Sciences

Date: 23-08-2022

Time: 7 PM

No. of Students Participated: 50

No. of Faculty Participated: 5

The webinar "Introduction to Intellectual Property Rights" on 23-08-2022 conducted by the Institution Innovation Council at St. Peter's Institute of Pharmaceutical Sciences provides an overview of IP rights, covering patents, trademarks, copyrights, and trade secrets. Participants will gain insights into protecting their innovations and understanding the importance of intellectual property in the pharmaceutical industry.

1. Educating participants about the importance of intellectual property rights (IPRs) in the pharmaceutical industry.
2. Providing an overview of various types of intellectual property, such as patents, trademarks, copyrights, and trade secrets.
3. Explaining the process of obtaining and protecting intellectual property rights in the pharmaceutical sector.
4. Highlighting the role of IPRs in fostering innovation, research, and development in the pharmaceutical field.
5. Offering insights into how pharmaceutical professionals can leverage intellectual property for commercialization and competitive advantage.

National level Workshop on
Nutraceuticals & Pelletisation

27th August 2022

Organized by

St. Peter's Institute of Pharmaceutical Sciences

Hanamakonda, Warangal, Telangana

Approved by Pharmacy Council of India (PCI), &

All India Council for Technical Education (AICTE), New Delhi

Affiliated to Kakatiya University, Warangal

Accredited by National Board of Accreditation (NBA)

St. Peter's Institute of Pharmaceutical Sciences is managed by St. Peter's Education Society. Since its inception in the year 1995, the trust strives to impart scientific & societal based value education. The college is known for professional grooming of the students for their future in pharmaceutical care.

St. Peter's, nestled in a picturesque urban setting in Warangal is recognised for developing students with integrity, social responsibility and confidence. We believe that education is more than a simple process of knowledge transfer. We are passionate about the future of our students and recognise that each student is an individual with infinite potential.

We believe that young people learn best when they have structure as well as space and time to foster creativity and time to think and grow. We believe that learning should be inspirational, challenging and fun. We work hard to nurture our student's unique talents and needs within a supportive college community.

One day National level workshop on the topic Nutraceuticals and Pelletisation.

The "One day National level workshop on the topic Nutraceuticals and Pelletisation" on 27-08-2022 at St. Peter's Institute of Pharmaceutical Sciences is aimed at exploring the intersection of nutraceuticals and pelletisation techniques, offering participants insights into innovative approaches in pharmaceutical formulations and applications in healthcare.

1. To provide a platform for pharmaceutical professionals, researchers, and students to enhance their understanding of nutraceuticals and pelletisation techniques.
2. To explore the latest advancements and innovations in the field of nutraceuticals and pelletisation.
3. To facilitate knowledge exchange and networking among participants from academia and industry.
4. To discuss the potential applications of nutraceuticals in promoting health and preventing diseases.
5. To educate participants about the importance of pelletisation technology in pharmaceutical manufacturing processes.

DEPARTMENT OF PHARMACEUTICS

The Department of Pharmaceutics always has a prime motto of making students Industry ready and shine in bright colors in their professional positions. For more than one and half decades the department has been thriving to make wonderful contribution with research with societal applicability. The department is unrestrained from using its expertise for development of students with professional skills. The highly collegial Department faculty, students, and staff pursue these multidisciplinary and translational goals through collaboration of the college with Pharmaceutical Industry.

TOPICS COVERED

- > Nutraceutical and its market share.
- > Scope of nutraceuticals in health care
- > Pelletisation of nutraceuticals

SESSION HIGHLIGHTS

- * Basic understanding nutraceuticals and their market value with an emphasis on the production, quality control and Packaging.
- * Appreciation of the health benefits of nutraceuticals.
- * Emphasis on Pelletisation and its applicability in delivery of Nutraceuticals.
