Awareness programme on the protection of the Environment

Organized By: NSS, St. Peter's Institute Pharmaceutical Sciences

Date: 06-06-2022

Time: 10:00 am

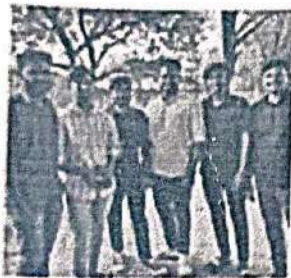

No. of Students Participated: 60

No. of Faculty Participated: 5

- To educate participants about environmental issues, including climate change, pollution, habitat destruction, and biodiversity loss, to increase understanding of the challenges facing the planet. The program seeks to promote sustainable behaviours and practices among participants, such as reducing waste, conserving energy and water, adopting eco-friendly transportation options, and supporting local and organic products.
- It also involves establishing partnerships with environmental organizations, community groups, and other stakeholders to leverage resources, expertise, and support for environmental initiatives and projects.

St. Peter's Institute of Pharmaceutical Sciences hosted a Awareness Programme on the Protection of the Environment aimed at fostering a deeper understanding of environmental issues and promoting sustainable practices within the institute and its surrounding community. The program will highlight the interconnectedness of human activities with the health of ecosystems and wildlife, emphasizing the need for collective action to protect and restore the natural environment. By promoting environmental awareness and sustainable behaviours, the initiative seeks to empower students, faculty, and staff to become stewards of the environment and champions for positive change.

No. of Faculty Participated: 5

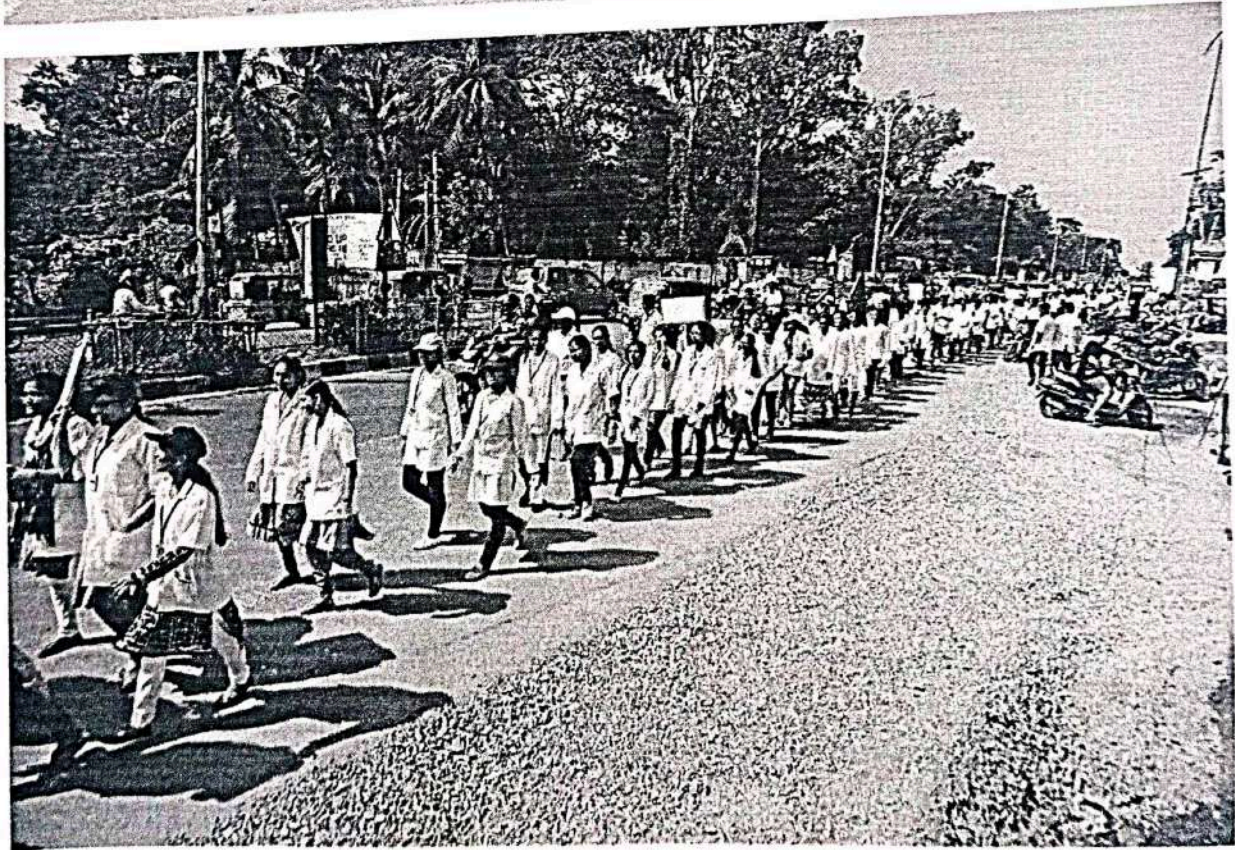

Educating students and faculty about autism spectrum disorder (ASD) to increase understanding and awareness.

- Promoting inclusivity and acceptance of individuals with autism within the institute and the broader community.
- Providing information on the signs, symptoms, and challenges associated with autism.
- Offering strategies and resources for supporting individuals with autism in academic, social, and professional settings. The World Autism Awareness campaign conducted at St. Peter's Institute of Pharmaceutical Sciences aimed to educate students and faculty about autism spectrum disorder, its challenges, and how to support individuals with autism. Activities included informational sessions, workshops, and awareness campaigns to promote understanding and inclusivity within the institute and the broader community

World Immunisation Week celebrations

Organized By: NSS, St. Peter's Institute : Pharmaceutical Sciences

Date: 22-04-2022 to 30-04-2022

Time: 10:00 am

No. of Students Participated: 60

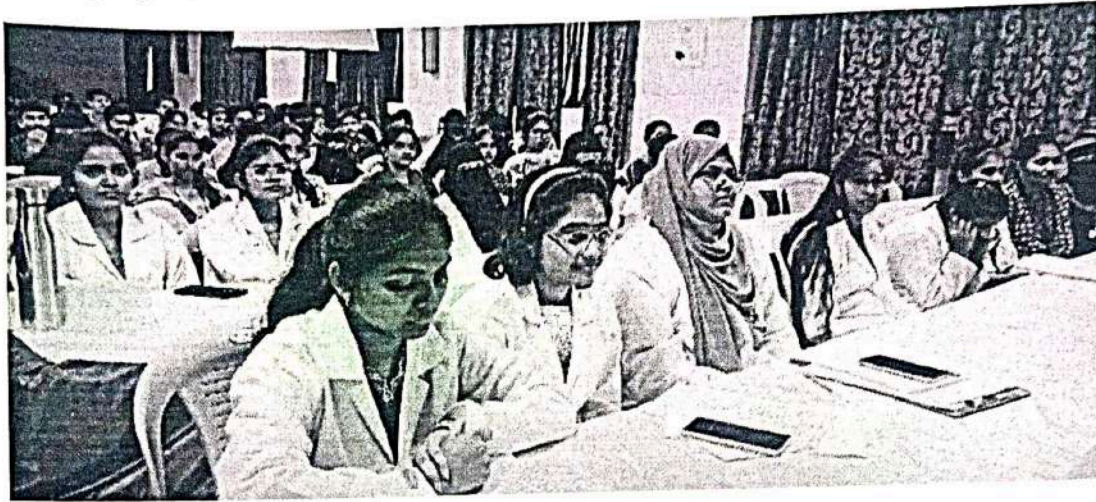

No. of Faculty Participated: 5

1. To educate students, faculty, and the wider community about the importance of immunization in preventing infectious diseases, including the benefits of vaccines, the science behind immunization, and the role of vaccination in public health. Also to increase awareness of the importance of vaccination and the impact of vaccine-preventable diseases on individuals, communities, and global health.
2. To make a positive impact on vaccination rates and attitudes towards immunization, ultimately contributing to improved public health outcomes and the prevention of vaccine-preventable diseases within the institute community and beyond.

St. Peter's Institute of Pharmaceutical Sciences hosted World Immunization Week celebrations which highlight the importance of vaccination in protecting public health and preventing the spread of infectious diseases. The celebrations feature educational presentations by healthcare professionals, discussions on vaccine safety and efficacy, and opportunities for students to get involved in vaccination advocacy and outreach efforts. Additionally, the event may include vaccination drives, where participants have the opportunity to receive vaccines or learn about vaccination schedules and recommendations. By raising awareness and promoting informed decision-making about immunization, the World Immunization Week celebrations aim to empower individuals to prioritize their health and the health of their communities.

No. of Students Participated: 60

No. of Faculty Participated: 5

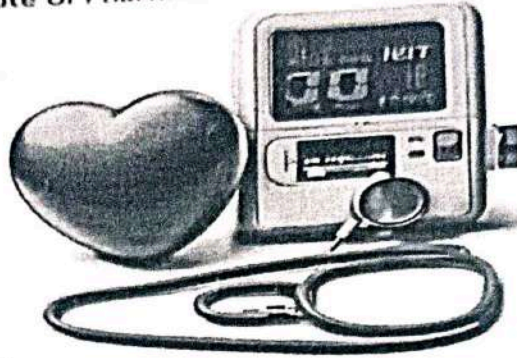

1. To provide participants with accurate and up-to-date information about hypertension, including its causes, risk factors, symptoms, complications, and treatment options. The activity seeks to promote preventive measures and lifestyle modifications that can help to lower blood pressure, such as healthy eating, regular exercise, stress management, and avoiding tobacco and excessive alcohol consumption.

The objective involves engaging the institute community in discussions, activities, and events related to hypertension awareness and prevention, fostering a supportive and collaborative environment where individuals feel encouraged to prioritize their cardiovascular health. St. Peter's Institute of Pharmaceutical Sciences hosted Activity on Hypertension and its significance which aimed at raising awareness about high blood pressure and its impact on health. The activity provides education on the causes, symptoms, and complications of hypertension, as well as strategies for prevention, management, and treatment. By promoting understanding and awareness of hypertension, the activity aims to empower participants to take proactive steps towards better heart health and to encourage them to prioritize regular blood pressure monitoring and preventive care.

Epilepsy Awareness celebrations.

Organized By: NSS, St. Peter's Institute Pharmaceutical Sciences

Date: 12-02-2022

Time: 10:00 am

No. of Students Participated: 64

No. of Faculty Participated: 5

- To educate students, faculty, staff, and the local community about epilepsy, including its causes, symptoms, types of seizures, and available treatments, to increase understanding and awareness of the condition.
- Dispelling myths and misconceptions: To address common misconceptions and stigma surrounding epilepsy by providing accurate information and promoting empathy and understanding for individuals living with the condition.
- Promoting seizure first aid: To raise awareness about appropriate first aid measures for seizures and equip participants with the knowledge and skills to respond effectively in seizure emergencies, potentially saving lives.
- Providing support and resources: To connect individuals affected by epilepsy, including patients, caregivers, and family members, with support groups, advocacy organizations, and healthcare resources for information, guidance, and assistance.

Event Reports

Awareness programme on 'TB(Tuberculosis).

Organized By: NSS, St. Peter's Institute : Pharmaceutical Sciences

Date: 24-03-2022

Time: 10:00 am

No. of Students Participated: 50

No. of Faculty Participated: 5

Increasing awareness: To educate students, faculty, staff, and the local community about Tuberculosis, its transmission, symptoms, risk factors, and treatment options.

- Promoting early detection: To encourage individuals to recognize the signs and symptoms of TB and seek medical attention promptly for diagnosis and treatment.
- Dispelling myths and misconceptions: To address common misconceptions about TB and reduce stigma associated with the disease, promoting empathy and understanding for individuals affected by TB.
- Encouraging TB screening: To promote TB screening initiatives and encourage individuals, especially those at high risk, to undergo TB testing to facilitate early detection and treatment.

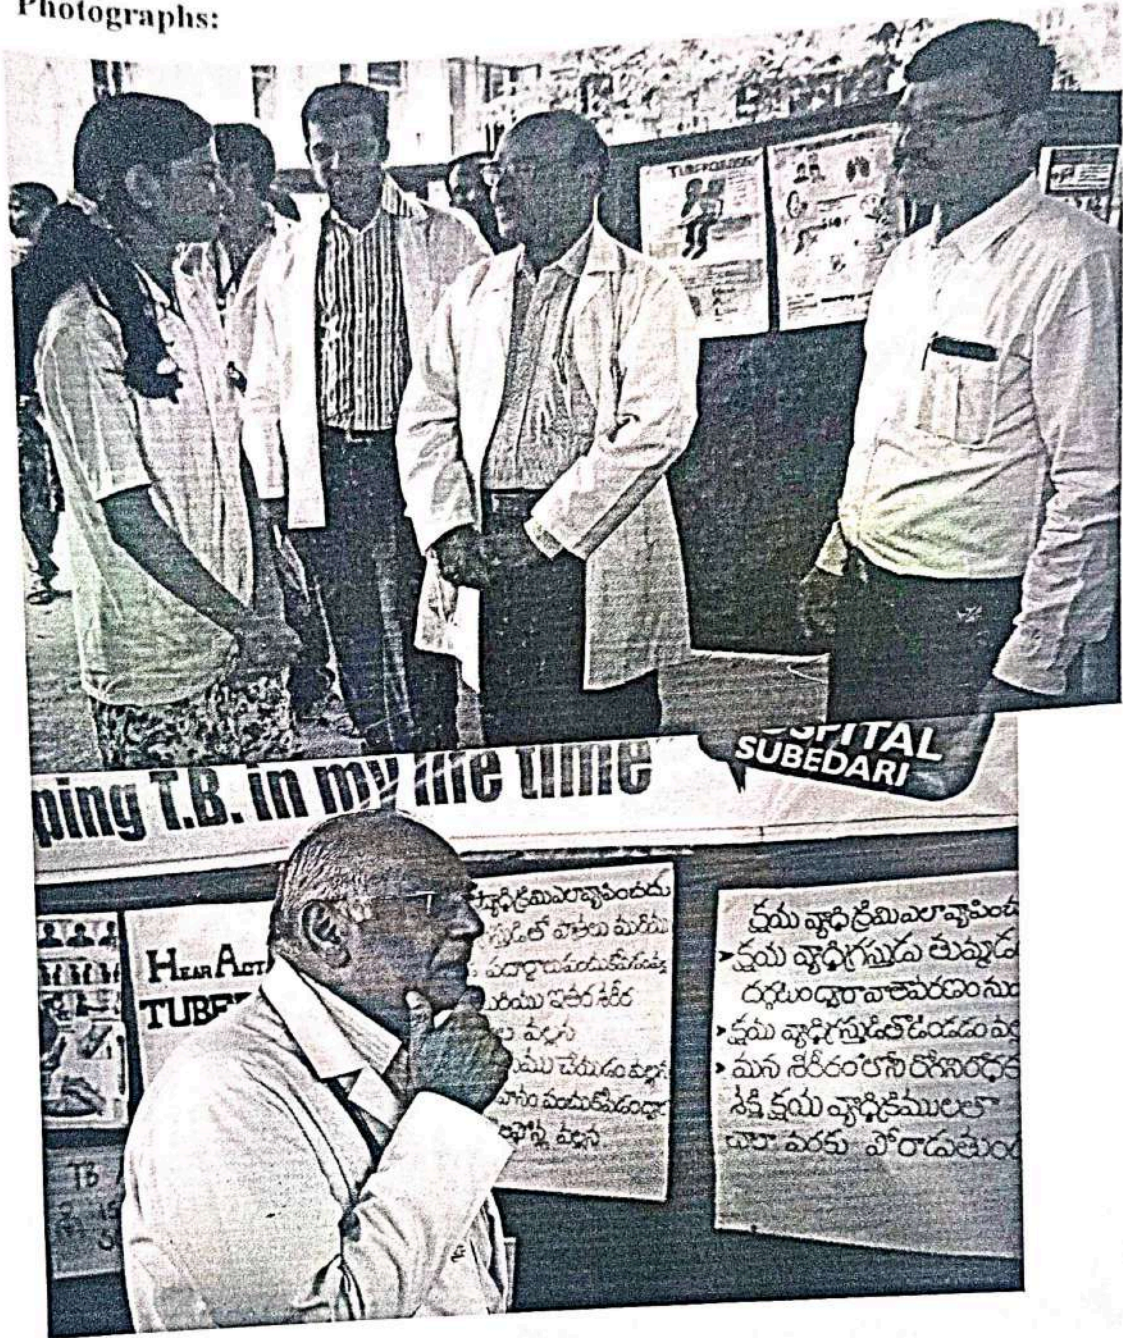

The awareness campaign on Tuberculosis (TB) conducted this year at St. Peter's Institute of Pharmaceutical Sciences was a comprehensive initiative aimed at educating students, faculty, and the community about TB prevention, detection, and treatment. TB remains a significant global health concern, and the campaign sought to raise awareness about the disease's impact and the importance of early intervention.

The campaign kicked off with educational seminars and workshops led by healthcare professionals, infectious disease experts, and TB specialists.

Walk to Polling station along with Booth Awareness Groups (BAG) meeting to discuss plan to improve voter turnout

Organized By: NSS, St. Peter's Institute Pharmaceutical Sciences

Date: 25-01-2022

Time: 10:00 am

No. of Students Participated: 70

No. of Faculty Participated: 7

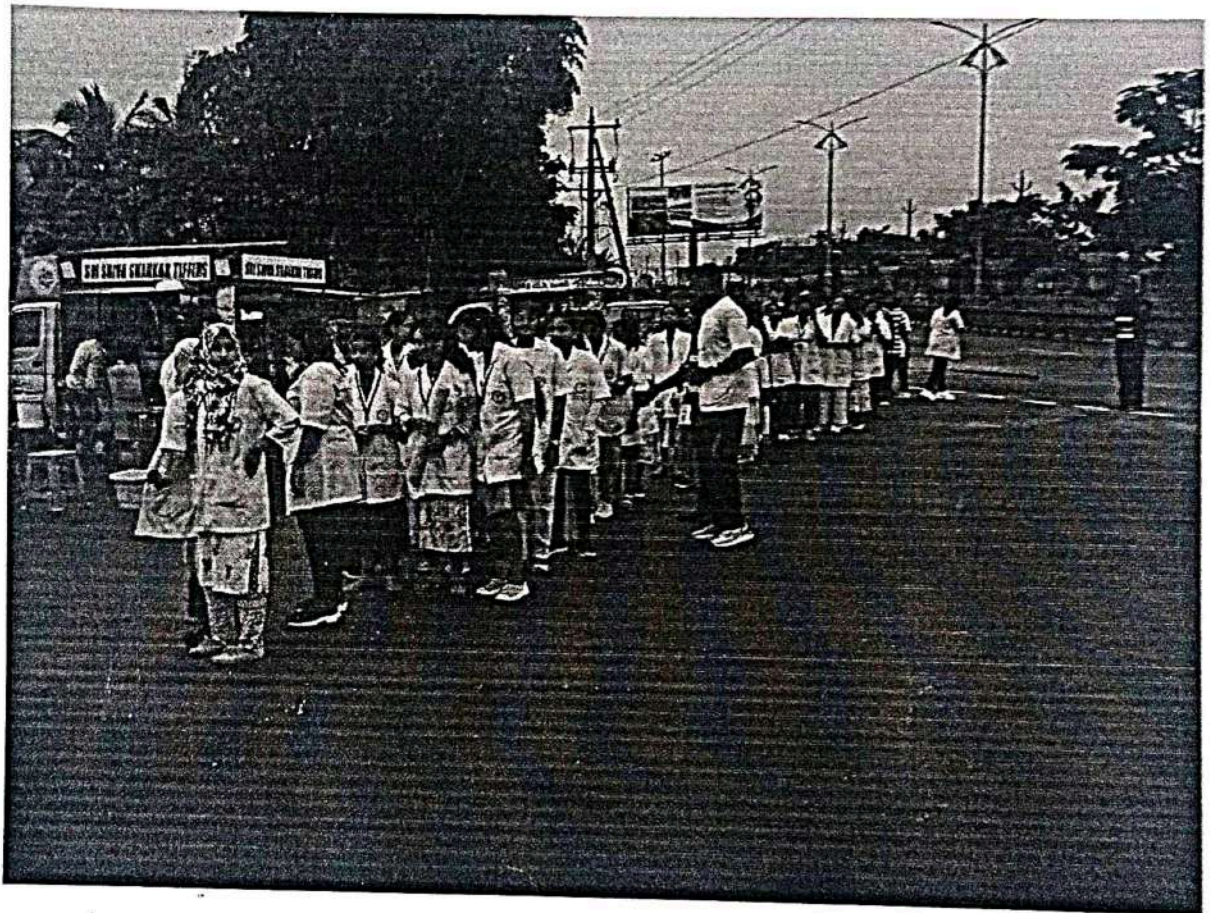

- To encourage students, faculty, staff, and community members to actively participate in the democratic process by exercising their right to vote in elections.
- Increasing voter turnout: To raise awareness about the importance of voting and to motivate individuals to cast their ballots in local, regional, and national elections.
- Enhancing voter education: To educate participants about the electoral process, including voter registration procedures, polling locations, and voting rights, to ensure that they are well-informed and prepared to participate in elections.
- Identifying barriers to voting: To identify and address barriers to voting, such as lack of information, transportation issues, and voter apathy, in order to increase access to the polls and improve voter turnout rates.

The "Walk to Polling Station" event along with the Booth Awareness Groups (BAG) meeting at St. Peter's Institute of Pharmaceutical Sciences was a collaborative effort aimed at promoting civic engagement, encouraging voter turnout, and facilitating discussions to improve voter participation in elections.

The event brought together students, faculty, staff, and community members to raise awareness about the importance of voting and to discuss strategies to increase voter turnout.

The event began with a symbolic walk from the college campus to a nearby polling station, where participants had the opportunity to observe the voting process and familiarize themselves with the voting procedures.

Time: 10:00 am

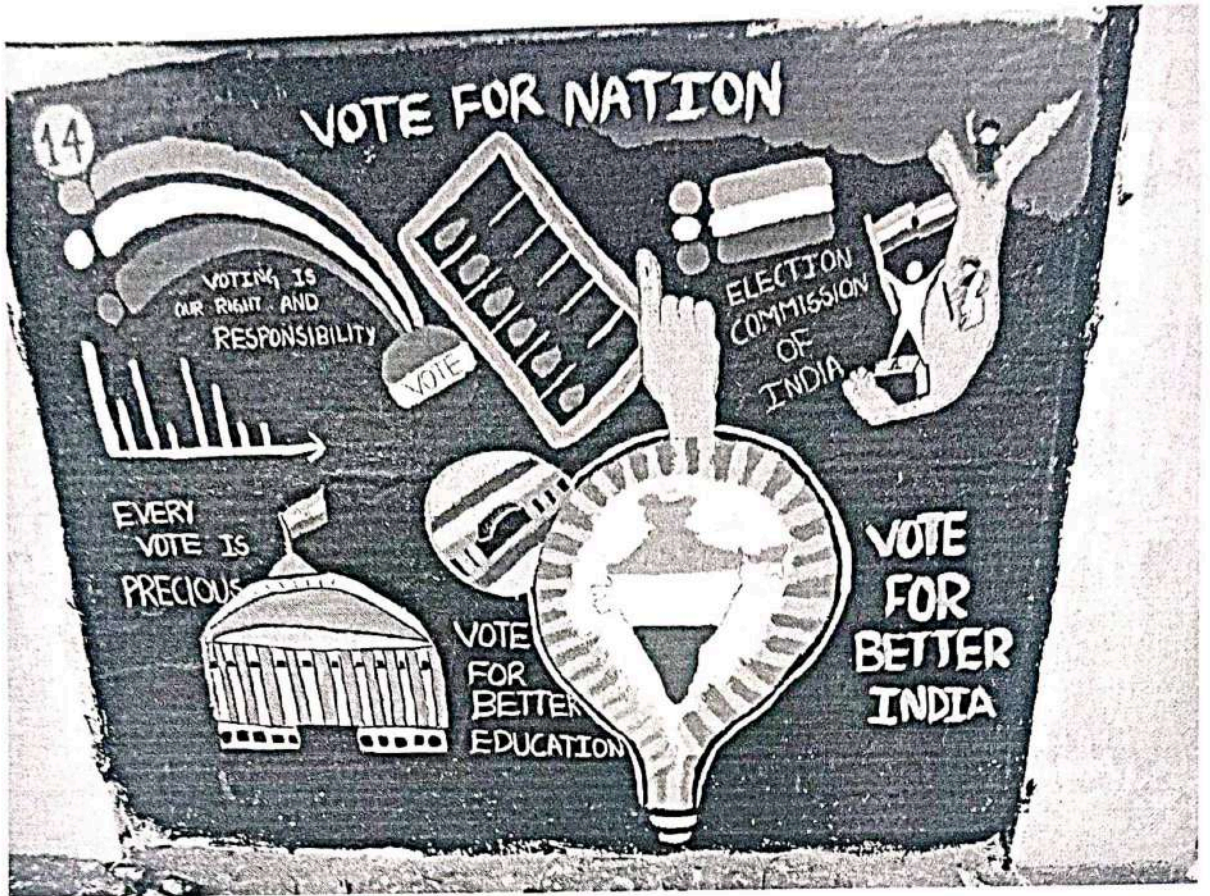

No. of Students Participated: 50

No. of Faculty Participated: 5

- **Community engagement:** To engage students, faculty, staff, and local community members in collaborative art projects that beautify public spaces and fosters a sense of ownership and pride in their surroundings.
- **Creative expression:** To provide a platform for artistic expression and creativity, allowing individuals to showcase their talents and share their perspectives on relevant social, cultural, and environmental issues.
- **Public awareness:** To raise awareness about important topics and challenges facing urban and rural communities, such as healthcare access, environmental conservation, social justice, and community development, through visual storytelling and messaging.
- **Social cohesion:** To promote unity, diversity, and inclusivity within the community by creating murals that celebrate cultural heritage, promote tolerance, and highlight shared values and aspirations.
- The wall graffiti initiative at St. Peter's Institute of Pharmaceutical Sciences aimed to engage students, faculty, and the wider community in creative expression while promoting meaningful messages relevant to both urban and rural areas. Through this initiative, various walls in urban and rural settings were transformed into vibrant canvases showcasing artwork, messages, and themes relevant to the community.
- In urban areas, the wall graffiti served as a form of urban art, adding color and character to public spaces such as parks, streets, and community centers.

5k Run in all Assembly segments

Organized By: NSS, St. Peter's Institute Pharmaceutical Sciences

Date: 28-01-2022

Time: 10:00 am

No. of Students Participated: 70

No. of Faculty Participated: 5

- Promoting physical activity: Encouraging students, faculty, staff, and the local community to engage in regular exercise and physical activity to improve cardiovascular health, endurance, and overall well-being.
- Fostering community engagement: Bringing together individuals from diverse backgrounds and communities to participate in a shared fitness activity, fostering a sense of unity, camaraderie, and social connection.
- Advocating for wellness: Highlighting the importance of prioritizing health and wellness as essential components of a balanced lifestyle, and promoting positive health behaviors such as regular exercise and outdoor recreation.
- Supporting mental health: Recognizing the mental health benefits of physical activity, such as stress reduction, mood enhancement, and improved cognitive function, and encouraging participants to prioritize their mental well-being through exercise.
- The 5K run in all assembly segments at St. Peter's Institute of Pharmaceutical Sciences was a dynamic and inclusive event aimed at promoting physical activity, community engagement, and healthy lifestyle choices among students, faculty, staff, and the local community. The run was organized to encourage participants to embrace fitness, celebrate unity, and support wellness initiatives within the college and surrounding areas.
- The event kicked off with a vibrant atmosphere as participants gathered at the starting point, where they were greeted with energetic music, colorful banners, and enthusiastic volunteers.

Eye Awareness Programme.

Organized By: NSS, St. Peter's Institute Pharmaceutical Sciences

Date: 31-01-2022

Time: 10:00 am

No. of Students Participated: 60

No. of Faculty Participated: 5

- To educate students, faculty, and staff about the importance of eye health, common eye conditions, and preventive measures to maintain good vision.
- Awareness: To raise awareness about the significance of regular eye exams and early detection of eye problems to prevent vision loss and preserve ocular health.
- Prevention: To promote preventive measures such as proper eye hygiene, eye safety practices, and lifestyle modifications to reduce the risk of eye diseases and injuries.
- Empowerment: To empower individuals to take proactive steps in managing their eye health, including seeking timely eye care services, adopting healthy lifestyle habits, and using protective eyewear when necessary.

The eye awareness program at St. Peter's Institute of Pharmaceutical Sciences was a comprehensive initiative designed to promote eye health, raise awareness about common eye conditions, and educate students, faculty, and staff about the importance of regular eye care. The program encompassed various activities and initiatives aimed at enhancing understanding and encouraging proactive measures to protect and preserve vision.

Date: 25-01-2022

Time: 10:00 am

No. of Students Participated: 67

No. of Faculty Participated: 6

- **Civic engagement:** Encouraging students, faculty, and staff to actively participate in the democratic process by exercising their right to vote in national elections.
- **Education:** Providing information and resources to enhance understanding of the electoral process, including voter registration procedures, polling locations, and voting rights.
- **Empowerment:** Empowering individuals to make informed decisions by educating them about the candidates, their platforms, and the issues at stake in national elections.
- **Responsibility:** Instilling a sense of civic responsibility and duty to participate in shaping the future of the nation through the electoral process.

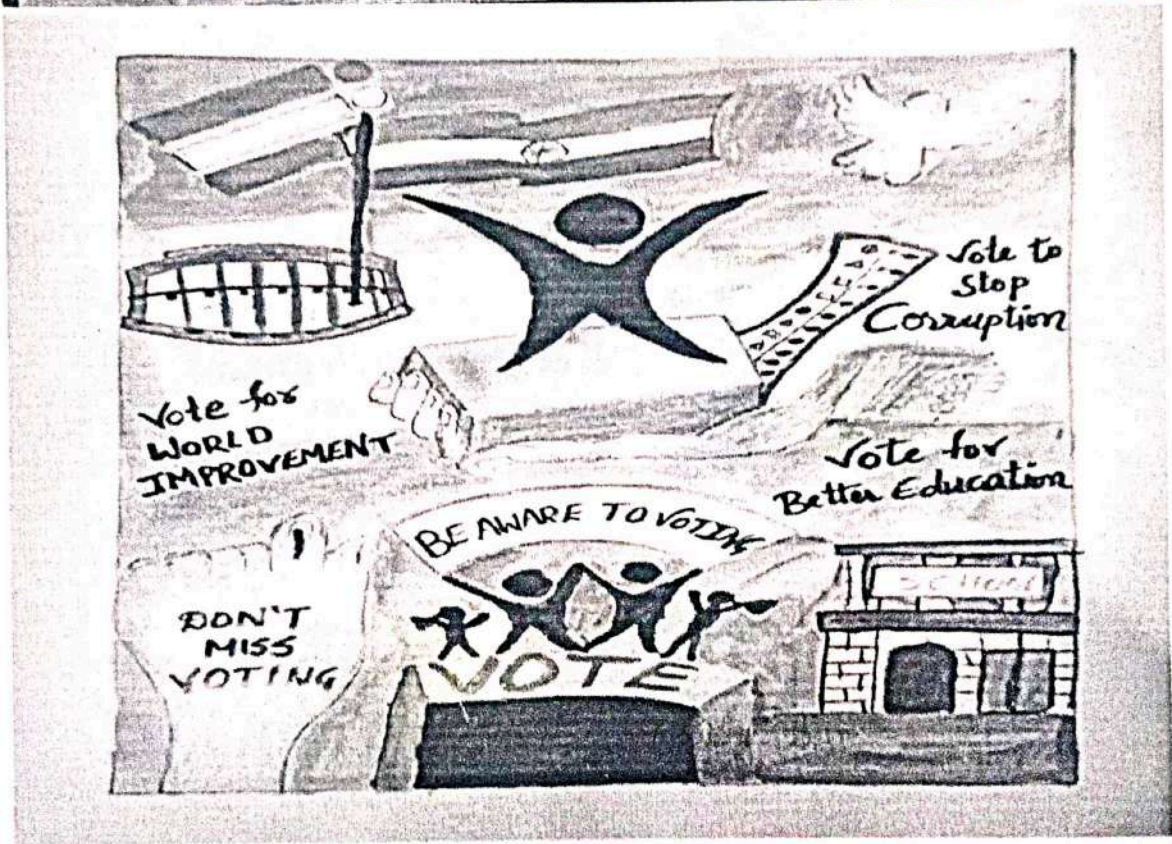

The importance of the national vote was emphasized at St. Peter's Institute of Pharmaceutical Sciences through a comprehensive educational program aimed at highlighting the significance of civic participation and democratic engagement. Recognizing the pivotal role of voting in shaping the nation's future, the college organized various activities and initiatives to underscore the importance of exercising the right to vote.

The program commenced with informative sessions, workshops, and panel discussions led by experts in politics, governance, and civic education.

Event Report

Awareness programme on the Conservation of energy

Organized By: NSS, St. Peter's Institute of Pharmaceutical Sciences

Date: 14-12-2021

Time: 10:00 am

No. of Students Participated: 50

No. of Faculty Participated: 5

The awareness program on the conservation of energy conducted in 2021 at St. Peter's Institute of Pharmaceutical Sciences was a proactive initiative aimed at educating students, faculty, staff, and the wider community about the importance of energy conservation and sustainable practices. Recognizing the significance of reducing energy consumption and mitigating environmental impact, the program sought to raise awareness, promote behavior change, and inspire collective action towards energy conservation.

The program commenced with informative seminars, workshops, and presentations led by experts in energy conservation, sustainability, and environmental science.

Objectives of the Event:

" To educate students, faculty, staff, and the local community about the importance of energy conservation and its impact on the environment, sustainability, and climate change.

" Promoting behavior change: To encourage individuals to adopt energy-efficient habits and practices in their daily lives, both on campus and at home, such as turning off lights when not in use, unplugging electronic devices, and using energy-efficient appliances.

" Demonstrating leadership: To demonstrate the pharmacy college's commitment to environmental stewardship and sustainability by implementing

energy-saving measures and promoting eco-friendly practices within the campus community.

" Fostering a culture of conservation: To cultivate a culture of conservation and responsibility among students, faculty, and staff, emphasizing the collective responsibility to conserve energy and reduce carbon emissions.

Awareness of the AIDS pandemic disease

Organized By: NSS, St. Peter's Institute of Pharmaceutical Sciences

Date: 01-12-2021

Time: 10:00 am

No. of Students Participated: 64

No. of Faculty Participated: 5

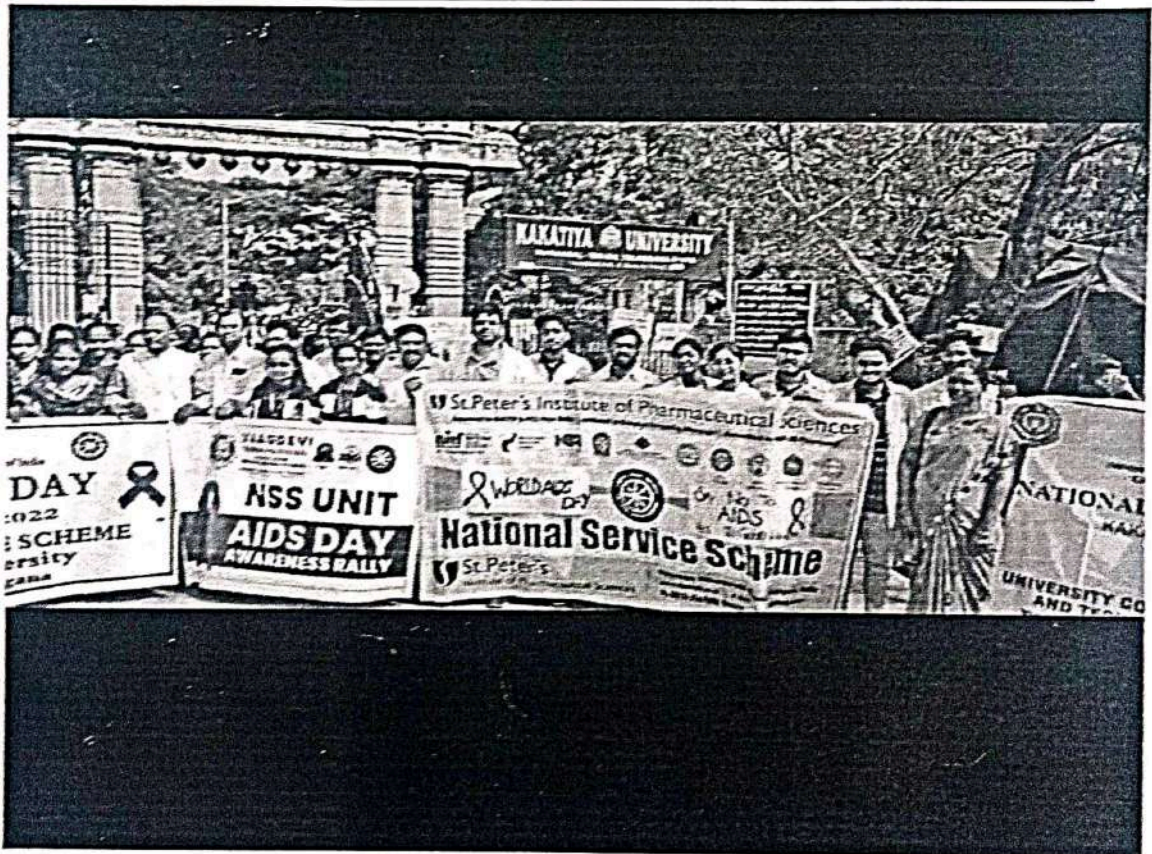

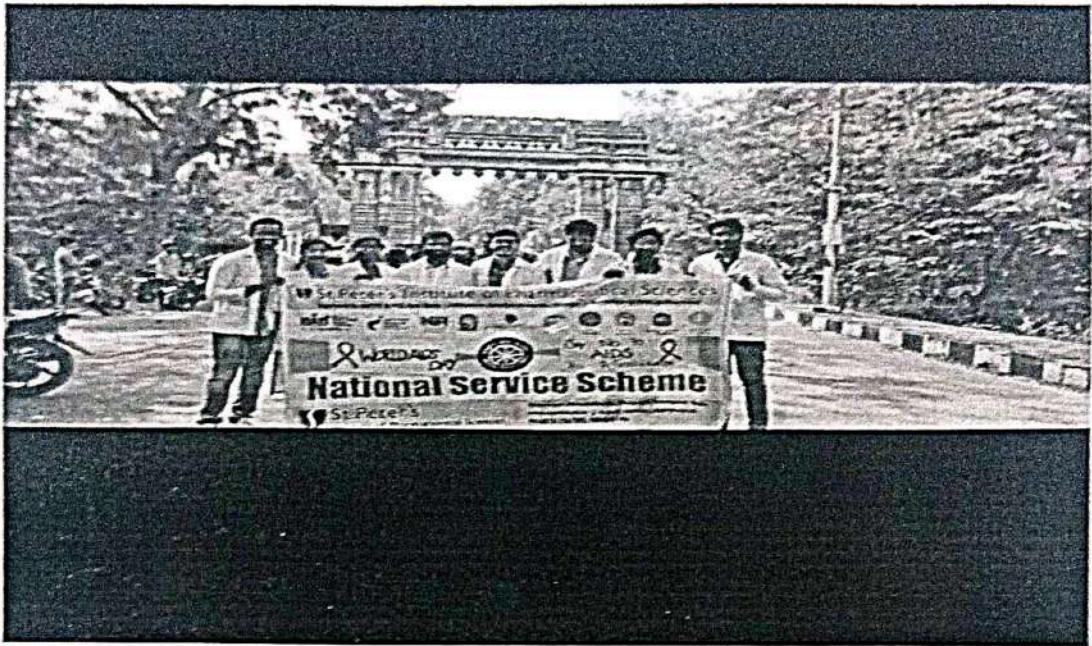

- Educating students, faculty, and the community about HIV/AIDS, its transmission modes, and risk factors.
- Promoting awareness of the importance of HIV/AIDS prevention through safe sex practices, needle exchange programs, and avoiding sharing needles.
- Encouraging regular HIV testing and counseling to facilitate early detection and treatment initiation.
- Dispelling myths and misconceptions surrounding HIV/AIDS to reduce stigma and discrimination against individuals living with the disease.
- Providing information on available HIV/AIDS treatment options, including antiretroviral therapy, and promoting adherence to treatment regimens.

The awareness campaign on the AIDS pandemic disease conducted at St. Peter's Institute of Pharmaceutical Sciences was a comprehensive initiative aimed at educating students, faculty, and the community about HIV/AIDS, its transmission, prevention, and treatment. The campaign featured a series of informative seminars, workshops, and interactive sessions led by healthcare professionals, HIV/AIDS experts, and advocates.

Event Report

Awareness of cardiovascular disease programme

Organized By: NSS, St. Peter's Institute of Pharmaceutical Sciences

Date: 29-09-2021

Time: 10:00 am

No. of Students Participated: 74

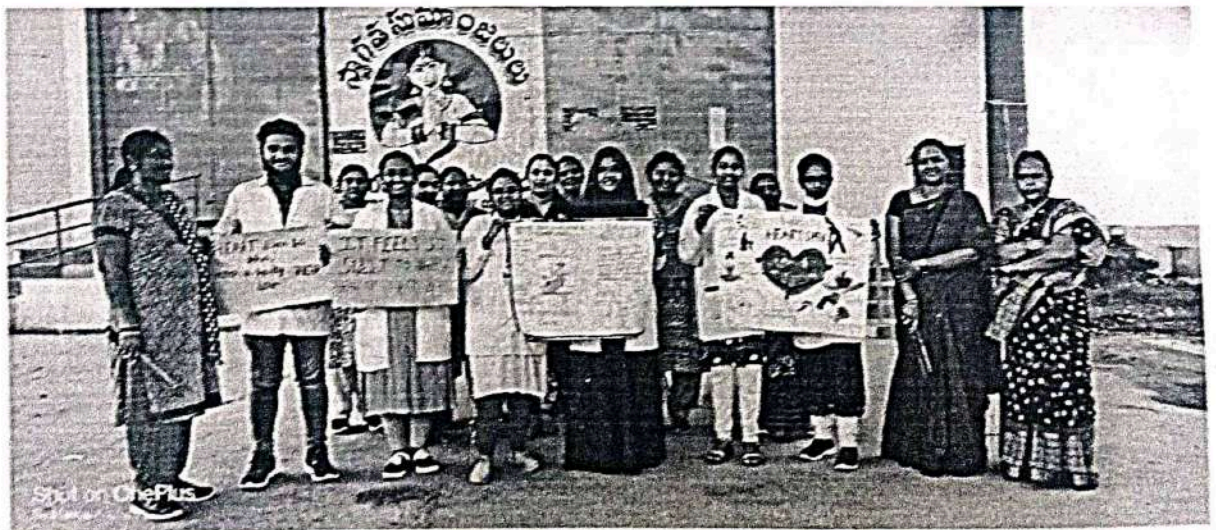

No. of Faculty Participated: 5

- **Increasing awareness:** To educate students, faculty, staff, and the local community about the prevalence, risk factors, and impact of cardiovascular disease, including heart disease and stroke.
- **Promoting prevention:** To raise awareness about modifiable risk factors for CVD, such as smoking, unhealthy diet, physical inactivity, high blood pressure, high cholesterol, and diabetes, and to encourage healthy lifestyle behaviors to reduce the risk of developing CVD.
- **Encouraging early detection:** To emphasize the importance of regular health screenings, including blood pressure checks, cholesterol tests, and cardiovascular risk assessments, for early detection and intervention of CVD risk factors and conditions.
- **Providing information:** To offer accurate and up-to-date information about the signs and symptoms of cardiovascular disease, warning signs of heart attack and stroke, and steps to take in case of a cardiac emergency.
